About the Advisory Board

Sunshine on a Ranney Day is launching the Sunshine on a Ranney Day Advisory Board, a mission-driven group of supporters who want to help expand the organization's reach, relationships, and fundraising impact.

The Advisory Board is designed for individuals who are passionate about SOARD's belief that every child deserves a space that makes them feel safe, seen, and loved. Members support this mission as advocates, connectors, fundraisers, and ambassadors for the children and families SOARD serves.

How Members Will Support SOARD

- Raise funds collectively to support one SOARD makeover each year
- Make introductions to potential donors, sponsors, partners, and volunteers
- Increase community awareness of SOARD's mission and impact
- Support events, campaigns, room reveals, and fundraising efforts
- Share professional insight or strategic guidance when needed
- Serve as positive ambassadors for SOARD and the families it serves

Member Commitment

Term	Meetings	Fundraising Goal
One-year renewable term	At least four meetings per year, plus ad hoc support as needed	Collectively raise the funds for one SOARD makeover each year

Members may contribute to the shared makeover goal through personal gifts, sponsorships, donor introductions, event support, peer-to-peer campaigns, employer matching gifts, approved member-hosted fundraisers, or other fundraising activities approved by SOARD.

Who Should Apply

The Advisory Board is open to individuals who are passionate about Sunshine on a Ranney Day's mission and willing to actively help the organization grow its impact. Strong candidates care deeply about the children and families SOARD serves and are willing to use their time, relationships, creativity, resources, and influence to support the mission. The advisory board should reflect a diverse mix of perspectives, experiences, networks, and talents.

Advisory Role

The Advisory Board is advisory and ambassadorial in nature. Members do not hold fiduciary, governance, operational, budgetary, staffing, or voting authority.

Why It Matters

Each year, Advisory Board members will work together to fund a tangible, meaningful outcome: one Sunshine on a Ranney Day makeover. By helping grow awareness, build relationships, and raise critical funds, members will play an important role in creating a life-changing space for a child and family served by SOARD.
